Basic Needs Ministry has  
been a God send! I have been  
out of work since October and  
have applied to over 50 jobs +  
no one is hiring. I have only  
had one interview + prospects of  
getting a job looks grim. We are  
living only by my husband's  
check. It is not enough but it's  
too much to qualify for fed.  
help. One day we will not require  
their services and when that  
day comes we will be giving  
our time and money to this  
wonderful cause.
